

## “Question Time”

Взаимоопрос может использоваться в различных формах организации работы на уроке.

Тема : Хобби

Today we will discuss hobbies and holidays. What do you remember?

Teacher asks - pupils answer the teacher's questions.

- Do you like your hobbies?
- What are you interested in?
- What is your hobby?

Now I'll give you some time to ask questions to each other about your hobbies, your free time, your holidays.

Pupils work in pairs and ask to each other

\* \* \*

So now tell me what you remembered about your classmate.

What he or she likes or dislikes...

What he or she hates... or is interested in...

Pupils tell the class what they remembered about their partner.
